Wetland Plants (OBL): Almost always occur in wetlands.

Facultative Wetland Plants (FACW): Usually occur in wetlands, but occasionally found in non-wetlands. Subcategory FACW+ is closer to OBL

FAC and FacU categories are not given.

Facultative Plants (FAC): Equally likely to occur in wetlands and non-wetlands. FAC includes subcategories FAC+ (nearer to FACW) and FAC- (nearer to FACU).

Facultative Upland Plants (FACU): Usually occur in uplands, but are occasionally found in wetlands.

Information for plant classification has been taken from the Plants Database at USDA Natural Resources Conservation Service (<http://plants.usda.gov/java>)
